“ The importance of trade facilitation for the proper functioning of SEZs in Africa and which trade facilitation measures are useful for SEZs ? ”

DR MENA HASSAN

AEZO Webinar - Mr Mena Hassan testimonial

The intervention of Dr Mena Hassan, Trade Policy and Trade Facilitation Expert at World Trade Organization, revolved around the importance of trade facilitation for the proper functioning of SEZs in Africa. According to her, the key to exploit this facilitations is by adopting simplification, modernization and harmonization of import-export procedures.

Some measures as freedom of transit and transparency are important as well since they facilitate the movement of Goods across borders and make the informations available to all African traders.

DR ANDREW MOLD

AEZO Webinar - Dr Andrew Mold testimonial

Dr Andrew Mold, Chief Regional Integration & AfCFTA Cluster at UNECA, raised the question of the lack of economic diversification at the level of the African continent. In order to right such issue, he insisted on the importance of strong regional trade and the AfCFTA. According to him, the AfCFTA is about building a framework for much deeper African regional integration and co-operation, with a view to making the continent economically stronger and more resilient.
